I am currently working towards my bachelor's degree in Electrical & Electronic Engineering at Stellenbosch University. I have a great entrepreneurial spirit, work ethic, and drive to learn. I am slated to complete my undergraduate degree in 2021.

## EDUCATION

**Stellenbosch University**, Stellenbosch — *BEng (E&E) Specializing in Informatics*

- 2018 - Present

**D.F. Malan High School**, Bellville — *National Senior Certificate*

- 2013 - 2017

Graduated with 7 Distinctions and Cumulative Average of 91%.

## EXPERIENCE

**Tutor**, Independent — *Freelance*

- August 2021 - Present

Currently tutoring students in high school that are interested in doing STEM degrees in the future.

**Demi/Learning Assistant**, Stellenbosch University — *Freelance*

- August 2021 - Present

Currently serving as a demi/learning assistant for Computer Programming 143 at Stellenbosch University. This work consists of helping students struggling with the foundations of programming, specifically with the C programming language.

**Engineering Intern**, Inexma — *Internship*

- February 2021

Worked on the design and construction of a vast array of electrical equipment for an Amazon Web Services data centre in Brackenfell, Western Cape.

**Salesperson**, Sapmok — *Freelance*

- January 2021

Worked as a salesperson for Sapmok who specializes in leather shoes or “veldskoene” in the V&A Waterfront.

**Tutor**, TutorElite — *Part-time*

- December 2019 - December 2020

I worked as a tutor during my 3rd year of studying, teaching students younger than me various modules of engineering at Stellenbosch University.

**Waiter/Bartender**, urban tonic — *Freelance*

- November 2018 - March 2020

The work I did here consisted mainly of being a bartender at weddings and corporate functions with some events also requiring me to help out as a waiter.

**Junior Farm Foreman, Faraway Estate — *Internship***

- November 2018 - December 2018

Worked with the farm foreman overseeing various activities on a fruit farm in Villiersdorp.

**SKILLS**

**Python, Java, Swift, C, C++, Delphi, HTML, Git, Software Development, Web Development, Machine Learning, Mathematics**

**LANGUAGES**

**English - Home Language**

**Afrikaans - Home Language**
